### **A WORLD-RECORD 10 ROUND TOURNAMENT IN A SINGLE DAY**

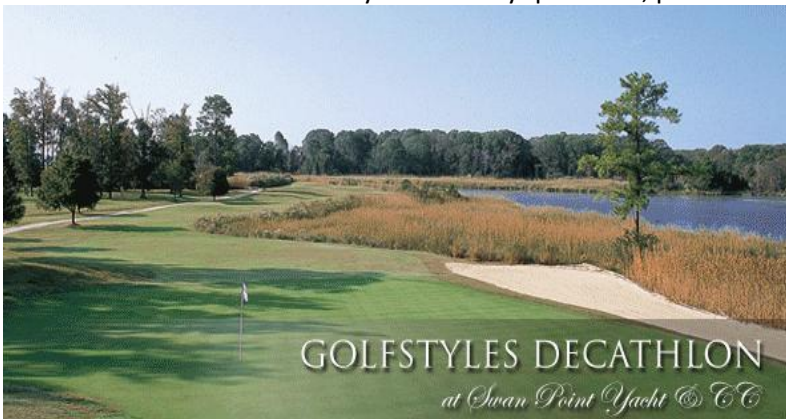

*June 14, 2010 - Swan Point, Issue, MD*

The Golf Decathlon is tournament play for 10 rounds in a SINGLE day - 180 Holes - that's a brisk 1½ hours per round, non-stop. Speed golf, especially tied-in with a tournament aspect, is something I've wanted to do for a long time in my golf career. Generous donors will sponsor me as one of a 20-player field in this unique tournament.

I am looking forward to the challenge of competing against other skilled golfers, experiencing mental and physical challenges of 10-ROUNDS while at the same time doing something charitable and memorable. I look forward to sharing my experiences with you and the rest of my donation team. Results and pictures of the event will be published by **GolfStyles Magazine**. Will you help support me through a tax-deductible donation to Give2TheTroops? Competitors are collecting checks/cash (payable to Give2TheTroops) or you can donate with credit card directly through the secure Donation Page at the GolfStyles Decathlon Donation Website. Please [select my name from the decathlete list](#) from the next weblink so your donation will count toward my required participation donation:

The Give2TheTroops organization (<http://give2thetroops.org/>) and the guys and gals overseas are so appreciative of the relationship and giving from the GolfStyles group and are excited to be the Decathlon charity. This is not GolfStyles or I advocating for or against the war – but an effort to support the men and women who are there. This charity also has a unique twist in that, along with supplies and care packages, they also send golf equipment to the troops for their recreation and stress relief. If you have any questions, please don't hesitate to contact me. Thank you very much.
