

## How to Register MSGA Golf Life

The Census Golf Club (CGC) is a member of the United States Golf Association (USGA). CGC members can choose to have their golf handicaps maintained by GolfNet, which is a service that the Maryland State Golf Association (MSGA) uses to maintain handicaps for golf clubs located in Maryland. Handicaps maintained by GolfNet are official USGA handicaps.

This year GolfNet, together with the MSGA, introduced **My Golf Life** - a new web-based service that brings together all the elements of a golfer's game in one centralized location. **My Golf Life** pages provide a golfer-centric view making them all about you. Your golfer profile is central to the information you will see in **My Golf Life**. The more detailed your profile, the more customized this web site becomes. Information from multiple sources including your golf association, your club, your game and relevant brands are combined to ensure we provide you the most relevant content.

**My Golf Life** is the way to post scores and keep track of your handicap.

If you have signed-up to have your handicap maintained by the CGC, here's how to register with **My Golf Life**:

1. Go to <http://mymsga.golfnet.com/>
2. Click on **Register Now**

3. Enter the requested information.
4. Click on **Add your club(s) to this Profile** at the bottom of the page.
